Johnston Shopfitters your partner in Design, Manufacture, Installation & Project Management of Bespoke & standard signage.

Johnston Shopfitters now Celebrating over 70 Years. Serving you our customer & your Business with turn-key Fit-out solutions.

JOHNSTON SHOPFITTERS

VISION STATEMENT

We aim to be regarded as the leading provider of fit-out services and equipment to all retail and commercial sectors. Providing our customers with a reputational led focus on excellence in design, build, manufacture, installation and customer service.

Serving the retail sector for over 70 years, Johnston Shopfitters have established a reputation for being the market leader in full turnkey retail installations. Through a unique mix of traditional skills and cutting-edge technology we have developed over time a distinctive range of products and services, to offer our clients the very latest in unique shopfitting packages.

With a heavy focus on creative design from our dedicated CAD/CAM design team, we can bring your retail space to life and maximise the functionality and aesthetics of your store to ensure your customers have the best shopping experience possible.

We have our own in-house manufacturing facility, using the very latest technology, which can produce stunning timber, metal and/or glass bespoke units to best merchandise your product offering. Our experienced installation teams and dedicated project management service bring your vision to life ensuring your project is completed within budget and always on time.

In addition we also stock an enormous range of ex-stock shelving, display and POS equipment in our large warehouse facility, located in West Dublin, for all your day-to-day needs.

LET OUR EXPERIENCE BE YOURS

What we do for you

DESIGN SOLUTIONS

At Johnston's we believe in the idea that form follows function and we believe in a system that will allow you to realise your full business potential. This key principle is integral to what we do and who we are and although we are staunch proponents of visually arresting commercial environments we always consider the workings of your building to be of paramount importance. We create interior environments geared towards maximising sales. We ensure that our design is tailored to each specific environment to gain the optimal output in the space.

THE SCIENCE

Working closely with our clients we generate detailed plans taking into consideration such elements as product placement plus customer & staff flow. We work to ensure the operation and functionality of the environment is designed to realise its full potential.

CONCEPT GENERATION

Once the layout planning is complete we move into concept generation where we will start the process of creating a new bespoke design.

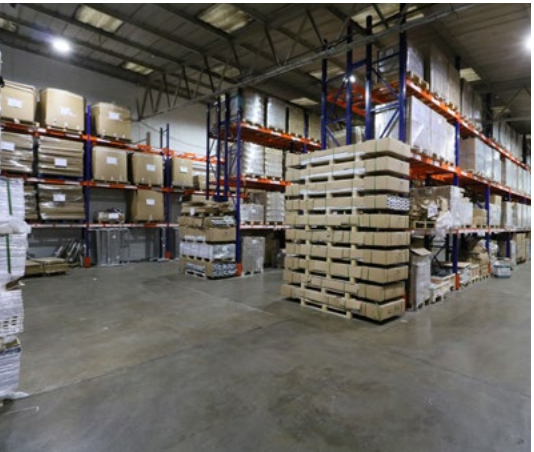

IN-HOUSE MANUFACTURE

We have our own in-house manufacturing facility located in West Dublin allowing us to service large contracts which include nationwide and international roll-outs as well as one off bespoke contracts.

Manufacturing services include;

- VALUE ENGINEERING
- PROTOTYPING
- TIMBER & METAL
- GLASS & ACRYLIC
- SPRAY PAINTING
- POWDER COATING

TURN-KEY FIT-OUT

Our clients expect great service and fitting of the very highest standard. We are proud of what we do and are committed to offering exemplary fit-out services. We are involved with the project from the initial site surveys right through to installation.

IN-HOUSE PRINTING

We are equipped with both large format ink jet and UV printers, allowing us to produce onto many different media types, ranging from short runs of POS and posters, roll-up and pop-up displays, wall and window graphics, large format banners, and a wide variety of different options for both indoor and outdoor use, as well as the ability to print directly onto any substrate up to 2.5 meters wide.

CONCEPT DEVELOPMENT

Using top of the line technology and software our creative design team create detailed photo-realistic 3D visuals and animations that clearly present the new concept.

PROJECT MANAGEMENT

At Johnston's our Contracts and Project Management team work closely with our in-house CAD & Manufacturing departments to ensure all areas of the project are exposed prior to going live. We build firm relationships with our clients to understand what it is that matters to them. With that our Clients are confident their Project will be delivered Safely within time, budget and most importantly with the Quality Expected.

Project Management services include;

- MAIN CONTRACTORS
- SUB CONTRACTOR CLIENT LIAISON
- ROLL OUT PLANNING
- BUILDING WORKS
- DELIVERY & INSTALLATION
- CONTRACT CLEANING

CERTIFICATION

Our business operates according to all required standards, directives and laws. Where required we provide a full Certification & Conformance service including;

- TENDERS & LANDLORD SUBMISSIONS
- HEALTH & SAFETY PLANNING
- PERMITS & CONFORMANCE
- FIRE & DAC CERTS.

CUSTOMER SERVICE

We will endeavour at all times to provide our customers, clients and their staff, with the very best of service, support, advice and facilitation.

That all staff and associates of the company are appropriately qualified.

Present a respectful, friendly and supportive attitude at all times.

Telephone and e-mail enquiries to be responded to within three working days.

Testimonials

TESTIMONIALS

Our Circle of Friends

Kevin Dempsey Managing Director KDD

'We have worked with Johnston Shopfitters on over 40 fit-outs over the last 2 years, where we have entrusted their team to successfully deliver the vision of our brands to independent home furnishing retail stores across Ireland. They bring a wealth of knowledge and expertise that we value, including supply of finished product to international markets including the UK, France, Dubai and recently China.'

Luke Creghan The Natural Bakery

'Working from an initial concept for the brand and environment, they developed our working store. By using Johnston's for a complete turn-key service, Design, Project Management & Installation I was left with no worries or hassle with chasing up various contractors etc. as they looked after everything & worked within a time scale & budget. I would have no problem recommending them to any other business.'

Sarah Dennehy Development Manager at Danone Early Life Nutrition

'Johnston's have created amazing projects for our business including the Baby World Project, which went on to win a ECR Ireland Category Management Award and is recognized as a Danone Global Best Practice. Throughout all projects we have found the team professional to deal with but also incredibly attentive to our specific finishes and requirements.'

Colm Carroll Chairman of the Board of Directors Carrolls Irish Gifts

'We have been working with Johnston's for a number of years and have always found that they provide us with a most competitive, innovative and professional service. Our company undergoes regular image revisions and consequently our store layouts need constant updates. Johnston's have always been able to rise to this challenge and have continually exceeded our expectations.'

Niall Lawlor MD Søstrene Grene

'We have been working with Johnston's for the last 15 months. Partnering with Johnston's enabled us to open 5 stores in rapid succession. During that intense expansion period we found Johnston's to be a competitive and professional partner working closely with our Ireland and Denmark teams to demanding deadlines. As a small company, we found that Johnston's are particularly attentive to our project management needs and have more than exceeded our expectations.'

Eoin Joy Property Development Director at Iconic Offices

'Johnston's recently completed works to our latest project 'The Greenway' at St. Stephen's Green. From their initial tender process, through to their Project Management & final turn-key completion, we found Johnston's to be thoroughly efficient & professional. The quality of their manufacture & fit-out throughout was excellent. Iconic would have no hesitation in working with Johnston's in the future & in recommending them to others.'

Wilf Cooledge Head of Store Development at Eason

'Johnston's have a very hands on approach at every level within the team which ensures the 'job gets done'. Their ability to turn around our requirements in such a short period of time is one of their strongest attributes this together with their complete project management service means they are the perfect fit for all our fit-out requirements.'

Paul Candon CEO McCabes Pharmacies

'Johnston's recently completed our new build store in Tallaght. From the initial scoping process through to final completion, we found Johnston's, to be thorough, efficient & professional throughout. The quality of the Shopfit itself was exceptional and the communication throughout the process was exemplary. Johnston's managed the entire process from beginning to end and ensured that any issues that arose were dealt with swiftly and efficiently.'

Peter Murphy Marketing Manager Bewley's

'Bewley's have been working with Johnston Shopfitters since 2016. Core to the success has been the partnership approach in working together to develop a turn-key solutions that translates brand led vision into real world executions. Bewley's see's world class design as a critical competency for our brands going forward but it all hinges on the quality of the build and that is why we work with the Johnston Shopfitters team.'

Graham Cooke Real Estate Manager Ireland at Gamestop+

'GameStop have been dealing with Johnston's for many years now and we have found them extremely reliable and helpful. They supply a quality product, at a competitive price. In GameStop, we tend to stick with suppliers, who provide quality, reliability and good value for money. Having sent out tenders for jobs in the past to test the market, we found that we always end up with Johnston's.'

Brian Fox Director Regatta Great Outdoors Ireland

'I have been working with Johnston's for over 6 years. In that time together we have opened 17 Regatta Great Outdoor shops in Ireland. The critical path used by the shopfit team allows me to plan delivery dates for stock, start dates for new staff and media campaigns. Such is my confidence with this Dublin based company that we have used them to build shops for us across the UK, Spain, Holland and on the East Coast of America.'

Jackie Prescott Manager, New Store Development & Facilities at Fexco No.1 Currency

'The best word to describe Johnston's that is vital within our fast moving store opening programme is 'flexible'. Johnston's understand that things can and do change, and are willing to work with us to achieve the final goal as quickly and cost effectively as possible. They employ a 'can-do attitude', deliver quality 'on-time' projects and service with a smile.'
